

Scott Gardner, Esq.

"I have engaged Mr. Rochkind on several occasions as an expert to appraise real property in contested divorce litigation. He has always been prompt for appointments and has provided detailed reports in a timely manner. His reports have been praised not only by the client for whom I engaged his services, but also by my opposing counsel. I highly recommend Mr. Rochkind, and intend to employ him again in the future." *September 25, 2008*

Steven Gaba, Esq.

"I needed Stephen's company to do an appraisal of my house very quickly. He sent one of his appraisers over the next day. The appraiser was very knowledgeable and friendly and the ultimate work product was very professional and of a high quality. Overall I would definitely highly recommend." *September 25, 2008*

Alfred T, Esq.

We are definitely a fearsome team. This debtor's counsel did not even ask to see a copy of your report, he just accepted my statement that it was greatly in excess of the Zillow estimate. I looked forward to your explanation of why it was so wrong.
